

Red Bear is the product, technology and marketing team you haven't hired yet. We help start-ups and growing businesses turn an idea into a digital product, app or online service, and bring in the customers who pay for it.

Tell us your idea
Product, app, AI or online service

→

Prototype in days
Clickable screens tested with real customers

→

Build and launch in weeks
Secure, in the app stores, run by us

→

You sell, we share
Typically 10–15% of each sale

You pay
Third-party costs only, direct to the providers:

- ✓ Hosting
- ✓ Domain names
- ✓ App store fees

We cover
The expertise:

- ✓ Design and engineering
- ✓ AI development
- ✓ Running it

We share
When your customers pay:

- ✓ Typically 10–15% of each sale
- ✓ Build it into your price
- ✓ No sale, no fee

Let's talk about how Red Bear can help.

The first conversation is free and there's no obligation. We'll listen first, then come back with a plan and the fee for your solution.
